

*Thank you for selecting one of our wines! At Vinícola ÔS we strive to make wines of high quality but to be enjoyed pretensionless and with simplicity, enjoy wine as it is. We are a small local winery focused on high quality materials, careful small batch production for wines to be enjoyed on any occasion, but mostly with great company.*

*Vinícola ÔS was founded in 2017. It all started way back in among a group of friends that wanted to share their passion for Mexico, for el Valle Guadalupe and for good quality Mexican wine.*

*“Verraco” means Boar in Spanish, but also used in many places of Latin America to denote a person as brave, lawless, ragged, raw. We wanted this wine to represent exactly that, Verraco is a wine made out of the best of nature with no false pretensions.*

*Salud!*

## **VIÑA VERRACO 2020**

100% Syrah from Campo Baja Vineyard in Valle de San Vicente, aged in stainless steel tanks for 8 months. Hand selected and cared with love and passion.

The beautiful clayed soil of our vineyard allows this Syrah to maintain delicious acidity levels. Palate fills immediately with blueberries and mint with a following explosion of black cherries, raspberries and white pepper. It is young but with enough elegant character to go with a full meal. Tanins are present but very elegantly balanced. Enjoy!
